Chapter 1 by Story Wars

Bum, Bum Bum, Bum Bum, Bum I could feel my heart beating inside my head, it felt as if it was going to erupt. I didn't have enough muscle to open my eyes, but I could sense I was not alone. Just as that thought crossed my mine, I heard a muffled voice. Only able to make out "Let's go, I got what I needed."

Then a worried voice asking, "What about the girl,"

"She's will be gone within an hour Nancy, No one can save her now."

"Let's just be sure Hun, I heard Kira, say that this girl is like a cat with 9 lives."

"Fine tie her to that chair over there, and lets go, I don't want to get caught."

Expecting to be jerked by the foot, I felt I cold body drag across me, somebody else was here, and almost dead if not already.

Then a thought hit me, could that be me shortly, oh my gosh I'm gonna-

My thoughts were cut off when I jottled forward, being drug by my armpits, splinters gathering, in my back, until I was dropped. A gasped erupted from my carrier, the I heard the woman's

voice, Nancy, Nancy's voice, yell, "Gary, this ones breathing still!"

See more of Story Wars

I heard heavy footsteps running toward me, when I was lifted again I heard the sirens, the police were coming down the road, I was dropped, then I heard the door slam, a car engine, and then nothing but silence.

Chapter 2 by Dianaa200

When I opened my eyes I could barely see anything. Everything was hazy. I strained to hear something and what I did nearly put me in shock.

*Beep, She's awake

*Beep, lets start the medication

*Beep, call her parents please, Rebecca

I groaned a little to notify them I could do something besides breathe

*Beep, Hey, sweetie, you'll be alright, we are at the hospital right now,

*Beep, my name is Rob, you have been unconscious for about a week,

*Beep we are calling your parents

I groaned again

*Beep, we are going to have to keep you here for I little while

*Beep, at least until you can fully talk and walk, we are going to give you some rest when I come back we will tell you what we know.
